Professional Summary

Analytical and detail-oriented Information Technology student aspiring to become a Data Analyst or Backend Developer Intern. Strong foundation in data analytics, SQL, and cloud computing, with hands-on experience developing data-driven applications and backend APIs. Demonstrates excellent problem-solving, teamwork, and communication skills through collaborative academic projects.

Objective

Seeking a Data Analyst Intern or Backend Developer Intern position to apply my skills in data analysis, database management, and cloud computing while contributing to data-driven organizational success.

Education

Bachelor of Science in Information Technology (BSIT – MI)

National University – Fairview, Quezon City

Expected Graduation: 2026

Academic Projects

Coffeetory: A Web-Based Point-of-Sale and Inventory Management System

Lead Backend Developer

Tech Stack: *PHP, MySQL, JavaScript, HTML/CSS, AJAX, Bootstrap*

- Developed an automated ingredient allocation system that **reduced manual inventory tracking time by over 50%**.
- Designed and optimized **MySQL database schemas** to improve query efficiency and minimize redundant data.
- Collaborated with a 4-member team to deliver the project **2 weeks ahead of schedule**.

Kidsync: Smart Student Drop-off and Pick-up Verification System

Backend Developer

Tech Stack: *Flutter, Dart, Supabase, Node.js (API), PostgreSQL, ESP32, RFID*

- Developed a mobile and web-based system for student verification, attendance monitoring, and parent SMS notifications.
- Built an **IoT device using RFID scanners** integrated with a servo motor-controlled gate for automated student verification.
- Built a **custom API** to connect the IoT device to the backend system for seamless data transmission.
- Utilized **Supabase** for backend management and **Flutter** for both mobile and web applications, ensuring synchronized and secure access.

Certifications

- Microsoft Certified: Azure Fundamentals (AZ-900)
- Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate
- Oracle Cloud Infrastructure 2025 Certified Foundations Associate

Soft Skills

- Analytical Thinking & Problem-Solving
- Team Collaboration & Communication
- Time Management & Adaptability
- Attention to Detail
- Initiative & Continuous Learning

Technical Skills

- SQL
- Python
- Excel
- Power BI
- PHP
- MySQL
- Flutter
- Supabase
- Git
- Github
- Microsoft Azure
- MS Office
- Visual Studio

Awards & Achievements

- SM Foundation Scholar (2022 – Present)
- Consistent Dean's Lister (1st year – 3rd year)
